Greeting Jeff,

ERT support put me in contact with Megan Adamcyk regarding SCRIBE project 1270, but she pointed me back at 1368 (she called it 1386), and I have not heard back from her after receiving the information from ERT support that this was the wrong project.

ERT support said they with your permission they would give me access project 1270 that was published by Megan Adamcyk.

Would it be possible for you to give that OK?

Thanks
